An independent clause can stand alone. For example: Avery brings her camera. A complex sentence is made up of two clauses, one dependent clause and one independent clause. For example: When it is hot outside, I like to go swimming.

I can’t believe our summer camping trip is over. We did so many fun things in so little time. First we found a perfect camping spot on the edge of a grassy meadow. The ground was nice and soft there—perfect for sleeping on. Then we headed to the river, where we went rafting. The ride was bumpy and fast. When we finished rafting, we took a long hike back up the river. Along the hike we stopped to pick wild berries. They were sweet. Finally we got back to our camp and built a fire. We sang songs around the fire until it was time for bed.

Author’s Purpose

Directions  Read the following passage. Then answer the questions below.

If you want to learn about trees, Redwood National Park is a great place to visit. There you can see many large trees, some of them hundreds of feet tall. Besides being tall, the trees may also be very old. In fact, redwood trees can live for 2,000 years. They are national treasures. The park is located near the Pacific Ocean, which helps the trees stay healthy. The trees soak in the water that is in the air, which keeps them alive in case of drought. Other kinds of plants grow in the park as well. Douglas fir, western hemlock, ferns, and mosses all grow in the same soil as the massive redwood trees. This means that the soil is rich in nutrients from the different kinds of plants growing there. People should support their national parks by learning about and visiting them.

2. What is an example of a sentence that helps you know the author’s purpose?

Main Idea and Details

- The **main idea** is the most important idea from a paragraph, passage, or article.
- **Details** are small pieces of information that tell more about the main idea.

**Directions** Read the passage. Then complete the diagram below.

Yosemite National Park has many rules for people to follow in order to preserve the park. One rule is that hunting of any animals is not allowed. Hunting would change the food supply for animals in the park. Hunting in a busy park could also be dangerous to humans. Riding a bike off an official trail is against the rules too. This could ruin the plant life growing in natural areas. Another rule prohibits people from feeding animals. It is not safe for the animals or the visitors. Wild animals might get used to being fed and be unable to feed themselves in the wild. Finally, people cannot remove plants or rocks as souvenirs. If visitors follow these and other rules of the park, Yosemite will continue to be a beautiful, natural place to visit.
